JNTUH Student Project Papers 2021

Code No: 114CW **R13**

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY HYDERABAD
B.Tech II Year II Semester Examinations, March - 2022
ENVIRONMENTAL STUDIES
(Common to CE, ECE, CSE)

Time: 3 Hours **Max. Marks: 75**

Answer any FIVE questions
All questions carry equal marks
- - -

1.a) Define ecosystem. How does the ecosystem work?
b) What is food chain and food web? Explain the components of food chain in a terrestrial ecosystem. [5+10]

2.a) Describe the effects of overutilization and pollution of surface and ground water. Suggest the measures to prevent overutilization and pollution of water resources.
b) Write notes on the environmental effects for over-exploitation of mineral resources. [10+5]

3.a) Define biodiversity. Discuss the importance of genetic diversity and species diversity in natural ecosystem.
b) Explain the relationship of ethical values and aesthetic values to biodiversity conservation. [9+6]

4.a) Discuss the sources and effects of "carbon monoxide" and "particulate matter" air pollutants.
b) What is ozone? Explain the benefits of ozone layer. Why the ozone layers are depleted and explain how the depletion can be prevented? [8+7]

5.a) Discuss the guidelines and methods followed for the handling and disposal of biomedical wastes.
b) Describe the effects of population growth on ecosystem structure and environment quality. [7+8]

6.a) Explain the functions and structure of an ecosystem.
b) Describe the role of an individual in conservation of natural resources. [8+7]

7.a) Discuss the major components for In-situ conservation and Ex-situ conservation of biodiversity.
b) Explain the major sources and environmental hazards of electronic wastes. [8+7]

8.a) Explain the principle of primary and secondary wastewater treatment methods.
b) Discuss the functions of state level and central pollution control boards in implementing the Water (prevention and control of pollution) act. [8+7]
